Iron Eagle™ II Series (Commercial)

Fencing Made Elegant & Strong

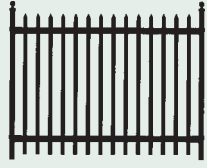

- Iron Eagle™ II, III and 2000 Series are made of "Galvalume"™ coated prime steel. Stainless steel welding is used to prevent rusting.
- All material is thoroughly cleaned.
- Variety of gates available to match fence style.
- Our unique bracketing system allows for easy on-site construction with no welding required.
- Centre punch process provides same appearance from both sides.
