### PRIVACY FENCE

Creating a cozy, private space is simple with a Westech privacy fence system. Cap a solid fence with lattice panels for a little more light, or work with your installer to create a more contemporary look. Use your imagination – privacy doesn't need to look stark.

Sometimes, you just need a "little" privacy – a soft barrier between onlookers and your pool or play area. With a Westech semi-private fence system, you can enjoy the advantages of light and air circulation while diverting the glances of passersby.
